Hockey:

Danville hosted the annual SPAR Durban North Regional Girls' Hockey Tournament on Sunday.

The tournament was set up in two pools and Danville finished top in Pool A.

We played Ashton College in the first semi-final and after being 2 - 0 down, the girls showed real guts and came back to draw the game 2 - 2.

The result of the match was then dependent on 1 on 1's.

The team tried their best and were very unlucky to lose 2 - 1.

After the disappointment of the semi-final loss, the girls picked themselves up and won the 3rd and 4th playoffs, to finish third. Well done to the 1st Team, we look forward to your progress this season.

Well done as well to the Danville U16A team who also played in this 1st team tournament, due to a team pulling out at the last minute. They did exceptionally well and drew to Danville and Crawford la Lucia 1st teams and beat Northlands. They could not be placed as it was a 1st team tournament, but really showed good promise for the season.

The U14 A team assisted with technical duties and the hosting of the invites teams. And did a great job. Thank you for helping out and being there on the day.
